1304.40 Family Partnerships

Early Head Start

P.S. #	Performance Standard	Implementation	Responsible	Time Frame	Documentation
1304.40(a) (1)	<p>(a) Family goal setting. (1) Grantee and delegate agencies must engage in a process of collaborative partnership-building with parents to establish mutual trust and to identify family goals, strengths, and necessary services and other supports. This process must be initiated as early after enrollment as possible and it must take into consideration each family's readiness and willingness to participate in the process.</p>	<ul style="list-style-type: none"> • Family Partnership Surveys are filled out during mass enrollments in August to indicate what each family's strengths and needs, circle of support, and goals are, while in Head Start. After enrollments, home visitors keep in contact with families through home visits, phone calls, contact notes and one on one conversation to keep informed of changes in family circumstance, needs and goals. Any changes are documented on change forms and Family Partnership Agreement forms. Family Partnership Agreement forms are written by family and home visitors, and then given to Family Partnership Specialists for further resources, tracking and filing. All information on FPA's is tracked in the Child Plus data tracking web site. • Home visitors will review FPA goals as documented on individual plans, when circumstances have changed, at conferences and/or on home visits. 	<p><u>FCP</u> Teachers/Home Visitors</p>	<p>Enrollments in August As needed after August During initial home visit</p> <p>Ongoing</p>	<p>Child's File Family Partnership Surveys</p>

When meetings are scheduled, other agencies working with the family also enrolled in HS are encouraged to attend to keep the lines of communication open. Family Partnership Agreement goals are written to be parallel with the pre-existing plans. 			
<p>1304.40 (a) (4) & (5)</p>	<p>(4) A variety of opportunities must be created by grantee and delegate agencies for interaction with parents throughout the year. (5) Meetings and interactions with families must be respectful of each family’s diversity and cultural and ethnic background.</p>	<ul style="list-style-type: none"> At the beginning of each school year, an orientation is held for parents to learn about the program and how they can be involved in Head Start. During orientation each Specialists brings information and brochures from collaborating agencies to share with families. These may include but are not limited to GED services, mental health services, dental and physical services, dietary resources, housing, legal, food and clothing resources. Specialists may answer any questions at this time or refer children and family if requested.
